Ideal for floor and bench scales, Cardinal's 204 indicator is furnished complete with motion detection and a serial printer port that allows weigh data printing. The 204 is suitable for desk or wall mount and can be adjusted to any angle for easy viewing with its 1" high LCD.

Model 204 Digital Weight Indicator

Whether you require a permanent installation or a portable scale on the move, the 204 can be powered three ways:

- AC Power
- Alkaline batteries
- Rechargeable Ni-Cad batteries

Format and print custom tickets with nControl software, designed exclusively by Cardinal, allowing complete setup of the 200 series indicators from a PC.
