

Label Rolls

VISIONTECH
SHOP

VisionTechShop has manufactured high quality thermal labels for its line of label printing scales for over two decades. The VisionTechShop label line-up includes a basic NON-UPC label, UPC label, UPC/Ingredients label, Safe Handling label and UPC/Safe Handling label. Also available are continuous strip labels, and the simple 8060 label for the S2000Jr/DLP-50 printer combo. VisionTechShop labels offer improved performance of your Label Printing Scale over the life of the scale. Features include excellent print quality, dark blacks, reduced feed jams, and extended label shelf life.

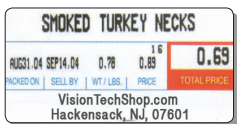

High Quality Labels

- Top coated - ideal for high moisture, cold storage applications
