AIRCRAFT WEIGHING SCALE · COMMERCIAL AIRLINER

US-B737AW-300K Aircraft Scale

Fully wireless weighing system for the Boeing 737 family, 300,000 lb capacity

WHY OPERATORS CHOOSE THE US-B737AW-300K

- ✓ **300,000 lb Capacity**, 150 ton total system
- ✓ **0.1% Accuracy**, 20 lb readability (10 kg)
- ✓ **Fully Wireless**, 300 ft range, no cables to trip
- ✓ **Low Profile 1.8"**, roll-on with included ramps
- ✓ **US-M6 Touch Screen Indicator** with receipt printer
- ✓ **5-Year Warranty** on steel frame and electronics

COMPLETE AIRCRAFT WEIGHING PACKAGE

The US-B737AW-300K ships as a complete, ready-to-deploy weighing system. Every unit includes:

- ✓ (6) 24" L x 16" W weighing platforms
- ✓ (6) 24" L x 16" W roll-on ramps
- ✓ (1) Wireless US-M6 touch-screen indicator
- ✓ (1) Carrying cart for transport
- ✓ (7) 110V power adapters
- ✓ (1) Operator manual

Built for aviation maintenance teams and MRO operations, the US-B737AW-300K delivers precise airframe weighing without the cables, patch cords, and setup delays of traditional systems. Six low-profile platforms position under the landing gear, six ramps roll the aircraft on, and every reading transmits wirelessly to the US-M6 indicator up to 300 feet away. Static or in-motion modes, LB or KG, receipt printing, and 40-hour battery life keep the crew moving.
