US-WCS Wheelchair Scale

43" x 39" Diamond-Plate Platform • 1,000 lb x 0.2 lb • Built-In Wheels & Foldable Handle

The **US-WCS** is a portable, low-profile wheelchair scale built for fast, accurate patient weighing. Its **large 43" x 39" aluminum diamond-plate platform** rolls on with ease and fits all types of wheelchairs, while a **bright LCD indicator** delivers a clear, instant reading. Lightweight construction and **built-in transport wheels** let staff move it room to room, and the **foldable support handle** stows flat for storage. Backed by our **5-year warranty**, the US-WCS is a dependable everyday scale for any care setting.

1,000 lb	43" x 39"	Portable	5-Year
