

## USA MEASUREMENTS • MODEL US-BL6KSS

# Stainless Steel "Big Lift" Crane Scale

Heavy-duty 304 stainless steel crane scale with US-WFX wireless handheld display. Designed for high-capacity industrial lifting, recycling, freight, and marine applications. Factory-calibrated and ready to use.

2-Year Warranty

Waterproof

Pre-Calibrated

Non-NTEP

## KEY FEATURES

- ▶ 304 stainless steel housing — waterproof, dustproof, anti-corrosion
- ▶ US-WFX wireless handheld display — read weight from up to 300 ft away
- ▶ 5-digit super bright display — clear reading in direct sunlight
- ▶ Built-in 8,000 mAh rechargeable battery + AC/DC adapter
- ▶ High-precision alloy steel load cell for reliable accuracy
- ▶ Full-capacity tare / peeling function
- ▶ 6.14 mm thickened steel plate construction
- ▶ Auto sleep mode for battery conservation
- ▶ Factory calibrated — ready to use out of the box
- ▶ 2-year warranty on frame and electronics

## SPECIFICATIONS

|             |                                  |
|-------------|----------------------------------|
| Model       | US-BL6KSS                        |
| Capacity    | 6,000 lb / 2,722 kg              |
| Readability | 1 lb / 0.5 kg                    |
| Display     | US-WFX Wireless Handheld Display |
| Units       | LB / KG                          |
| Load Cell   | Alloy steel                      |
| Power       | 8,000 mAh battery + AC/DC        |
| Tare        | Full capacity                    |
| Housing     | 304 Stainless steel (6.14 mm)    |
| Weather     | Waterproof / dustproof           |
| Calibration | Factory calibrated               |
| NTEP        | Non-NTEP                         |
| Warranty    | 2 years                          |

## COMMON APPLICATIONS

- ✓ Overhead crane weighing
- ✓ Recycling & scrap yards
- ✓ Freight & shipping
- ✓ Container & cargo weighing
- ✓ Forestry & logging
- ✓ Steel & metal fabrication
- ✓ Construction
- ✓ Marine & offshore
- ✓ Warehousing
- ✓ Industrial lifting
